Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for Milt Campbell Field Detention Basin Improvements and Flood Reduction Project in fiscal year 2025. The entity to receive funding for this project is the City of Plainfield, located at 515 Watchung Avenue, Plainfield, NJ 07060.

The funding would be used to improve the safety and usability of Milt Campbell Field by cleaning, stabilizing, and reconstructing the site's stormwater infrastructure as needed. The project is an appropriate use of taxpayer funds because it would help to prevent occurrences of stormwater flooding and overflow and ensure that water and debris flow effectively through the site's streams.

The project has a Federal nexus because the funding provided is for purposes authorized by section 203 of the Stafford Act (42 U.S.C. 5133), as amended by Section 1234, National Public Infrastructure Pre-Disaster Hazard Mitigation, of the Disaster Recovery Reform Act (DRRA) of 2018.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Bonnie Watson Coleman

Member of Congress
