May 3, 2024

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the Wireworks Building in fiscal year 2025. The entity to receive funding for this project is the City of Trenton, located at 319 E State Street, Trenton, NJ 08608.

The funding would be used for restoring the Roebling Wireworks building, a 30,000-square-foot historic building that is a critical part of Trenton's history and an economic engine in the important transit district. The project is an appropriate use of taxpayer funds because the building is a critical part of Trenton's history and has been repurposed to be a lynchpin to the identity of the city as a place connected to the past but embracing the future.

The project has a Federal nexus because the funding provided is for purposes authorized by 5305(a)(4).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Bonnie Watson Coleman

Member of Congress
