

Hi Neighbors,

This week, I was so glad to spend time with many of you at several events throughout the 12th District. I spoke to the NJ Machinists' Union, attended one of my favorite events: National Night Out, and got to spend some quality time with bright and energetic youngsters at the Boys & Girls Club. Despite the chaos and corruption of this administration, I'm always so grateful to spend time with you all. I am reminded how fortunate I am to be your representative.

Trump Corruption World Tour

Last month, we saw the Trump extortion racket play out in real time. It's important to understand that Trump's attack on Stephen Colbert and CBS is not an isolated incident. It's part of a larger plan to attack the freedom of the press and undermine our First Amendment.

National Night Out

National Night Out is one of those events I always look forward to. The sense of community that can be felt across NJ's 12th District is special - and it's truly the best part of the job.

Thanks to everyone who made Tuesday possible, and to all the folks who came out to say hello in Trenton and Ewing!

Union Strong

On Tuesday, I spoke with the NJ International Association of Machinists & Aerospace Workers (IAM) about the importance of solidarity and holding our representatives accountable.

The Trump administration is one of the most anti-worker administrations in my lifetime.

It's more important than ever that we ensure each and every worker has the freedom to join together and bargain for their collective benefit. Every worker deserves a union.

Boys and Girls Club

On Tuesday, I stopped by the Boys & Girls Club of Mercer County. They've spent 85 years making sure young people in our community have what they need with after-school programs, meals, mentorship, and a space to grow. I'm grateful for all the staff and volunteers who show up every day to make this work possible.
